

THANK YOU.

JUST ASK ANNUAL REPORT 2018.

Raising up this generation.

It's so important to us that you know how special LCA is and why your JUST ASK support is absolutely helping to raise up this generation of God's leaders.

At the Academy, we believe that God has called believers to lead and be extraordinary for His glory. Regardless if our students go on to work in full-time ministry, the corporate world, athletics, medicine, business ownership, education...whatever their endeavor, LCA students are prepared with the skill set to lead and the relationship with Jesus to shine.

As you would expect, LCA has very high academic standards, provides all main stream specials like art, library, physical education, a foreign language and music, plus we offer arts in education, integrated & blended coursework as well as hands-on & cooperative learning. These would be typical expectations of an exceptional private school. **Then there are those things that absolutely SET US APART as a Christian leadership academy:**

- All of our courses are taught from a Biblical worldview.
- Bible coursework includes apologetics so our students will be adept in defending their faith publicly.
- Students are regularly challenged in public speaking and leadership roles within the school.
- The Academy consistently allows students to be in the role of mentor and mentee. Every good leader is also a good follower.
- Servant leadership is also a focus at LCA with every grade level participating in monthly missions; from the Second Harvest Food Bank and Bickford Assisted Living to the Eyeglass Ministry, Soldiers & Sailors Home and Operation Christmas Child through Samaritan's Purse.
- Our students learn civility, character virtues, capitalism, entrepreneurship and pride in our country & its rich history.

WHO WE ARE.

Just Ask Annual Report 2018.

Your participation in our Just Ask campaign allowed us to meet numerous safety, academic and enrichment needs as well as a decade-long goal!

Just Ask provided:

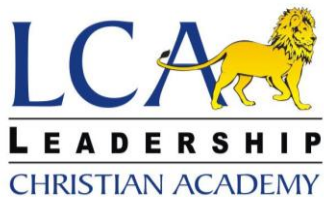

- Upgraded security through the purchase and installation of additional security cameras.
- A Mandarin Chinese instructor & curriculum for Pre-K through 8th grade.
- A school choir elective for 3rd through 8th grade including a director, curriculum and “tour stops” throughout the community.
- Middle school science curriculum not covered by Act 195 because of Biblical references.
- Continued support for the dyslexia program.
- **THE COMPLETE PAY OFF OF LCA'S EXPANSION CAMPUS!**
This was a decade long goal and we are thrilled!

Please watch “Bianca’s Tour” on our website homepage to see the Academy from a student’s perspective including a glimpse of our Expansion Campus YOU PAID OFF!
